

Master Your Performance

TeamSailing on ImPulSe or ImPetuS

The Goal

Teamworking provides massive benefits for any organization. TeamSailing – more than any other workshop or training – boosts the team as well as the individual performance. It is a learning experience, where training in methodologies and working as a team are combined at best.

Unique assets of TeamSailing:

- train yourself in efficient decision making
- coordinate efforts
- encourage creative thinking
- develop group awareness and unity
- identify and develop effective working methods
- learn to set goals and identify new potential

Method

The coaching is performed by Group-IPS managers, or your own coach to whom we provide a guideline. The targets of the TeamSailing are discussed and specified within your organization 6 weeks prior to the TeamSailing. Our Coach therefore spends time in your organization to fully understand your strategy, corporate culture and objectives.

Team-members send in their individual preparation according to the scheme of 5 to 10 workshops elaborated by the coach. Workshops are held according to a fixed time scheme, whereby targets are clearly agreed, tracked and documented. Furthermore, participants manage logistics and sail the yacht under the guidance of the sailing instructor during 4 to 6 hours per day.

At the end of the week, the management of the Team can be invited to join the TeamSailing to discuss and consolidate the results.

Once back on land, we organize a debriefing and a follow-up activity in the organization to ensure that the actions which have been defined during the TeamSailing have been realized.

The Yachts

IPS Teamsailor operates its own equipped to purpose performance sailing cruisers, ImPetuS (Jeanneau SO44i Performance 2009, 4 cabins) and ImPulSe (Jeanneau 53 Performance, 2010, 5 cabins) based in Corsica (Isola Bella), which offers magnificent sailing opportunities in all seasons.

Ideally, teams are of 6 (on ImPetuS) to 8 (on ImPulSe) or up to 14, even 18 combining the two yachts.

Our professional sailing instructor transforms the team members into an efficient as well as independent sailing crew and takes care about the safety on board.

Equipped to sail the world - safety, health and comfort always enjoy top priority.

General Information

Who?

- Middle and Top Management
- Teams in process of change
- Teams dispersed at different branch offices
- Project Teams, Engineering Teams
- Individuals

Where?

- ImPulSe, Jeanneau 53 Performance, Mediterranean
- ImPetuS, Jeanneau SO44i Performance, Corsica
